

# Domaine VALJULIUS

A Family wine Estate, my father Bernard Sarda (the farmer), and me Julien (the boss )  
Domain Valjulius is based in the heart of Languedoc Rousillon, between sea and mountain near the city of Béziers.

We do organic agriculture on all the estate since 2010.

After a few years working in Languedoc famous terroir vineyard , Julien established his own WINE ESTATE in 2006 with the help of this father ( winegrower but in the cooperative cellar).

There are 24 hectares of wines. The great potential of the terroir (lime stone and-clay whit small pubbles), the geographical exposition and the meticulous work at the vineyard all along the year allow to our grapes to get a perfect maturity and to reveal elegance and fine caracter of the wine in the bottle.
