" SOME MEETINGS POSSESS THE MAJIC OF BEING OBVIOUS...
EVER SINCE MY HEART HAS A DELAYED BEAT..."

DOMAINE VALJULIUS

Our philosophy is to produce fine, fresh and elegant wines respecting the grape grain as much as possible and thus to the meticulous work all during the year in the vineyards.

Julien Sarda produces wine in organic agriculture on his 40 hectares of vines in the south of France, next to Béziers city.

OBVIOUS... Julien meets Julia Garcia, also passionate about wine. This very special cuvée is the fruit of their love, an Obvious thing and consequence of several years of work in wine.
